Youth-n-Democracy (YnD) is the flagship programme of PRIA Youth. YnD began as a Pan-India campaign in February 2017 wherein PRIA started its dynamic journey of engaging with youth.

PRIA Youth is dedicated to help youth become aware, active, and engaged citizens to make democracy function in their everyday lives. The YnD Fellowship aims to engage independent, motivated, and creative young adults who are interested in promoting democracy in their community. The fellowship will explore topics of self-identity, critical thinking, social responsibility, research competencies, leadership, and problem solving as well as understanding democracy in everyday life.

The fellowship will provide:
• Access to an online course with a unique curriculum
• Field-based learning
• Interaction with development sector experts
• Monthly stipend for local travel
